---

Winter Garden, FL, August 19, 2009 – In 1999, The Crenshaw School opened its doors. Today, as the School enters its second decade, The Crenshaw School has earned an excellent reputation as a private school that offers small classes and a challenging, college-preparatory curriculum focusing on rigorous education.

To celebrate its 10-year anniversary and share with the community how the School has evolved, The Crenshaw School has launched a new and improved website: [www.crenshawschool.com](http://www.crenshawschool.com). The new site demonstrates how the School prepares students to move out of the classroom and into the world. It offers a wealth of information about The Crenshaw School community and its established program of educational innovation.
